

KE51 - Create a profit center

STEP 1

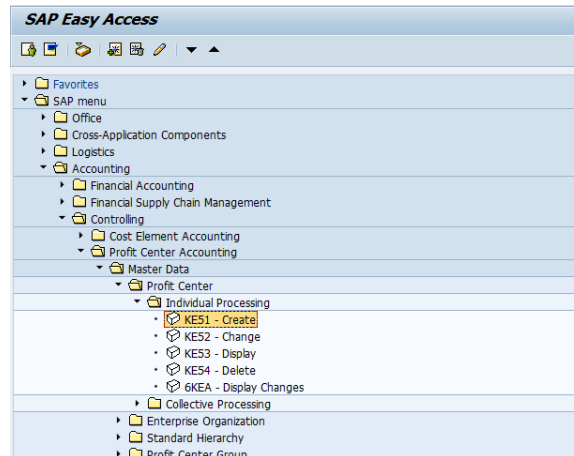

Log is in English to start with the creation of the profit center in English.

The SAP Login screen shows a green checkmark and a dropdown arrow in the top right. Below, the 'Mandant' field is set to '400', the 'Utilisateur' field is set to 'RFC_IDM8', and the 'Langue de travail' field is set to 'EN'.

Start the transaction using the menu path or transaction code

STEP 2

Start the creation of the new profit center

1. Enter the code of the new profit center
2. Use this field only if I want to use an existing Profit Center as a model.

The Profit Center creation screen shows the 'Profit center' field with the value 'F49JLAXU1' (marked with a circled 1) and the 'Copy from' field with the value 'F49JPBXXU1' (marked with a circled 2). The 'CO area' field is set to 'CHEF'.

STEP 3

Enter information gathered previously

1. Name
2. Long text
3. Person responsible
4. Department
5. Profit Center Group

The screenshot shows the 'Display Profit Center' (SPROFI) SAP screen. The interface is divided into several sections: a top header bar, a 'General Data' section, a navigation bar, a 'Descriptions' section, and a 'Basic Data' section. Numbered callouts (1-5) highlight specific fields:

- Callout 1:** Points to the 'Status' field, which displays 'Active'.
- Callout 2:** Points to the 'Long Text' field, which contains the text 'Tecnofon Thorofare packed'.
- Callout 3:** Points to the 'Person Responsible' field, which contains the letter 'X'.
- Callout 4:** Points to the 'User Responsible' field, which is currently empty.
- Callout 5:** Points to the 'Profit Ctr Group' field, which displays 'THF'.

Other visible data includes the Profit Center 'F49JLAXXU1', Controlling Area 'CHEF', Validity Period '01.01.2006' to '31.12.9999', and the Company Code 'THF'.

STEP 5

Go to the next tab “Company Codes”

The system assigns by default the profit center to all company codes within the controlling area.

- In PF1, the standard is to assign a profit center to all company codes
- In WP1, the standard is to assign a profit center to one company code (excluding Dummy profit centers Zxxx-9999 and partner profit centers that are assigned to all company codes)

STEP 6

Tabs "Address" & "Communication" are not used in WP1 & PF1

The History tab is generated by the system to facilitate the identification of the user and the respective changes made by him in the master data of the Profit Center.

Once you finish you can use the check button  to control the creation

When the master data creation is completed and before saving, you must **ALWAYS** activate the Profit Center by clicking on the  icon
