Validation

Reserved Tab, displayed to Data Management Team and Process Expert only

2. Enter the title of the request which will be used in all emails.

3. Select the system landscape.

- CICC = PI2
- ERP Rodia Core = WP2
- ERP Solvay = PF2

4. Enter:

- the Company code (for WP2)
- or PRS CoCode (for PF2 & PI2)

It can remain blank if request spans over several companies of the same system

5. Select the Business unit. It can remain blank if several GBU are involved

6. It comes when you choose the ERP (see next step)

7. Select the project name when applicable

8. Flag during pre-closing and closing periods, it allows the identification of urgent requests necessary for the closing.

9. Flag to identify temporary request that need to be reversed

The new request must be saved by clicking  before going to the next step

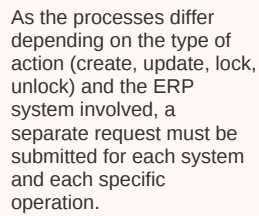

3.2 I submit a request for a cost center creation or modification

It is highly recommended that you input the parameters in the "master data" tab when you are requesting the creation / update of cost centers as it **reduces the processing time**. Nevertheless, if you have difficulties in putting the data in the "master data" tab, you can attach an excel file with all the mandatory parameters:

- Type of cost center (production, commercial, administrative);
- BFC heading/value field where the costs should be reported;
- Profit center (WP1)/Business area (PF1);
- Person responsible.

STEP 1

, click

press check

- Company code
- Cost center Code
- Valid from
- English short name & long description
- Person responsible
- Cost Center Category
- Standard hierarchy area
- Alternative hierarchy
- Business area (in PF2 only)
- Profit center
- Foreseen amount
- IECRA (for WP2 only)

[illegible]

You can use an existing cost center to pre fill the information and replace the existing cost center codes by the ones to be created and adapt the information to your requirement.

Use Excel

When you are dealing with a larger number of entries it might be more efficient to use Excel:

- Prepare an Excel document with the list of cost centers you want to process.
- Copy and Paste it into the request.
- Press the <check> button. As a result the data are loaded.
- <Submit> the request when it is completed.

STEP 4

Correct any errors identified by the system, save and submit the request. SAP will generate a ticket number.

You can only submit a request once you have corrected all errors [red border around the cell]

Request for Master Data : - Cost Center

Submit Ask

STEP 5

Return to the transaction ZZF_MDWF_REQUEST, insert the ticket number and press "Take in charge" followed by "Approve".

Display Request for Master Data: Create - Cost Center

Cancel Take in charge Approve Check Print

Display Request for Master Data: Create - Cost Center

Cancel Take in charge Approve Check Print

STEP 6

In Master Data Tab, click "Check" button followed by "Call transaction - Force call transaction on errors".
