

Generate a Gallery (Slideshow) on a Website

 This page includes steps on how to generate a gallery/slideshow in Keepeek to be used on any website.

 Report any issues/clarify doubts to Web Contribution (Data) team [here](#).

 [Keepeek tips](#)

Inside Keepeek **open the folder tree** and **locate the files**.

☒ Internal Library	41628
▶ GBU's	9864
☒ Functions	10761
▶ Communication	2791
▶ Corporate Secretary / Cor...	98
▶ Excellence Center	17
▶ Facilities Excellence	78
▼ Finance	559

Add items to a basket.

[How to](#)

Activate public sharing on the basket.

[How to](#)

Scroll down and **copy the direct link** to the Gallery **or the HTML code** to embed to the web page of your choice.

[How to](#)

Open each media, in the **editing tab** (not edit), scroll down and **write the sequence number**.

Preview **Editing** Edit Status Share Links

OTHER INFORMATION

Sequence ordering in gallery

3

Then, inside your basket, **enter the settings**, select **an item display order** for your gallery and **save**.

To follow the item sequence **choose sequence ordering in gallery option**.

Ascending

Descending

When obtaining the code there is an option to modify the gallery size to meet your needs.

Click **custom size** and type the needed.

- Width = size from left to right.
- Height = size from up to down.

Note:

It is advised to keep a 200px distance to avoid odd sizing in the Intranet - Solvay One.

Public sharing and emailing ✓
Activate public sharing and send a link to provide access to your selection.

Embed the gallery

```
<iframe src="https://solvay.keepeek.com/pb95Bfj4cg?w=800&h=600" style="border: 0" width="800" height="600" frameborder="0"></iframe>
```
