Dashboard Folders

Category	Record Count
Novarene	821
Special Chem	166
Performance ..	105
Peroxides	90
Soda Ash & D...	88
Aroma Perfor..	43
Fibras	41
Silica	33
Coatis	23

You can get a detailed view by clicking on the chart.

Example:

By clicking on 'View Details' on top of the page, you can see the list of records (e.g. opportunities) with the link to the record page.

BDM Dashboard

The DBM Dashboard has been developed specifically for **Business Development Managers** to manage and monitor **opportunities linked to their** region, stage, type, expected revenue.

Column 1:

- Opportunities by region

Column 2:

- Opportunities by stage
- Opportunities by type

Column 3:

- Opportunities by expected revenue

Here I can see
only **data I have
access to**.

This dashboard will be located in '*BDM dashboard*' folder, and be named "***BDM dashboard***". This is a dynamic dashboard, used by all GBUs.

KAM Dashboard

The KAM Dashboard has been developed to manage and monitor activities and records in Salesforce linked to Key Accounts of the GBU. In this dashbo

Column 1:

- # of visit reports in the last 6 months
- Last 10 visit reports
- # of ADP created
- # of competitive insights

Column 2:

- # of complaint by status & shipping site
- Opportunities by region
- Last 10 opportunities

Column 3:

- All contacts by region & function
- # of contact by region
- # of contact per job department
- Opportunity by end use

Here I can see
only **data I have
access to**.

Adoption Dashboards

The objective of adoption dashboards is to monitor the usage of [Salesforce.com](https://www.salesforce.com) in terms of logins, objects created and quality of objects created and updated. These reports allow to take action when there is any issue in adoption and to monitor whether licenses are justified.

There are 3 types of adoption dashboards:

•**Solvay Adoption & Executives Dashboard:** can be used by managers & CRM Champions (will be soon merged with the Solvay Executive Dashboard) to monitor the adoption figures by GBU and/or Region

•**Solvay User Adoption Dashboard:** Can be used by the management and CRM Champions to follow up adoption figures user by user. Attention: Access to all users may be restricted for legal reason (e.g. not allowed to display data to all for German Work Council)

•**Corporate CRM Program Dashboard:** Shows overall adoption figures for GBUs with monthly evolution. Is used mainly by the CRM Project Team but can be used by CRM Champions and GBU management.

Solvay adoption & executive dashboard
