

How to open BW Analysis via RAAOE SAP transaction

Close any existing excel session

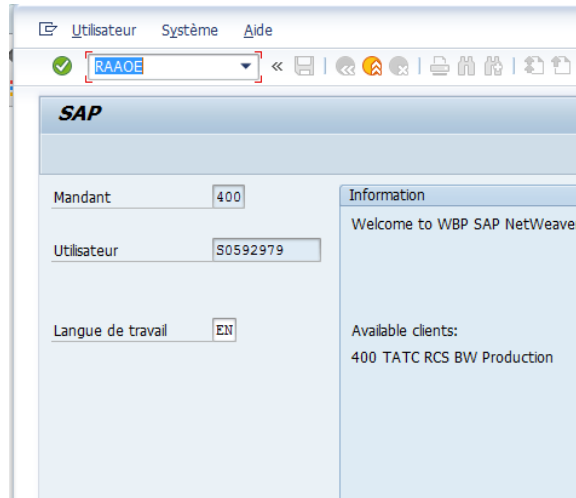

Open your sap logon

Select BW - Production - WBP

Enter the transaction code RAAOE and press "Enter"

Choose "Client Only" and click on the clock icon to launch BW Analysis

You are now in eXcel, the next steps are exactly the same as when you open BW Analysis via eXcel.

to open directly a core query choose the option : Query then select it among your roles and run it.
