

Do's and Don'ts

- Confluence IS an easy-to-use platform for regular updates
- Confluence IS the solution if you want to define standardize templates for your documentation
- Confluence IS for easy re-use of contents/pages

- Confluence is NOT a place to attach documents
- Confluence is NOT the solution if you need to have complex workflow in the whole documentation phase
- Confluence is NOT a platform for doing top-down communications
- Confluence is NOT a social platform
- Confluence is NOT a platform to store confidential information
- Confluence is NOT an Intranet
