

Qlikview - Analytics

Overview

Qlikview is a Business Intelligence or Analytics tool which allows to retrieve data from multiple databases and display them in a structure and visual way. A new Qlikview version is available at Solvay via the CRM interface or separately. It retrieves orderbook, sales performance, overdue & DSO, complaints & opportunities data from CRM/salesforce, SAP, etc.

i To know more about Qlikview...

You can find below a summary of the Qlikview tool. For more detailed information, please consult the SBS Decision & Piloting Solutions Team Google Sites for:
