Introduction

Masters keys are a set of 3 axis :

1. Geographical Axis : Zone, Country, Site
2. Organisational Axis : GBU, Business lines
3. GPS Axis : Domain, Segment, Material Group, Sub-Material group

Master keys are common master data shared through all the company and can evolve (new GBU, new sites, etc.)

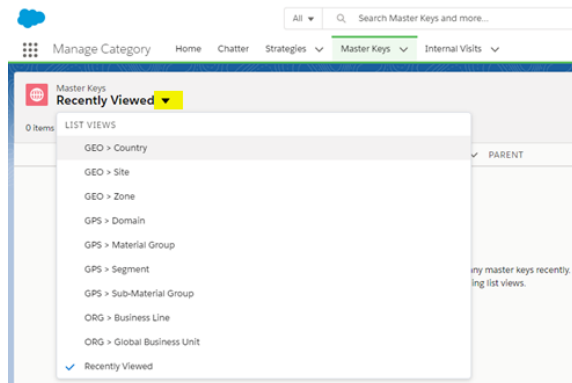

Master keys are the axes used to define qualifications but also qualification processes, properties...

General navigation

Master keys have a dedicated tab in the "Manage Category" application

A set of Listviews is available to help you to navigate through those Master Keys.
