

A16 - CSR assessments

First steps in Convergence

Added Value

Convergence can help you manage Corporate Social Responsibility assessments for supplier groups. A core CSR questionnaire is available : suppliers can fill in this form directly in the platform once they receive their notification email.

All those CSRs assessments are now in one place..

What you need to know to start...

All those **Solvay CSR questionnaires** and **Ecovadis rates** are now in one place, directly linked to the supplier.

Pre-packaged Reports can help you manage those documents.
