

# Get a Keepeek account

This page will teach how request Keepeek access.

If you find issues with your access report to the Authorizations (S&D Auth) team [here](#).

**At Solvay, Keepeek is used for two different purposes, you need to meet one of them to obtain a Keepeek account:**

- Tridion contributor. Keepeek is connected with Tridion, to provide and manage all the media used in the Solvay websites. (Solvay ONE, [solva y.com](#), etc.). Any Tridion user should have a Keepeek access.
- To feed the [Solvay media library](#). Typically, only the Solvay communicators can use Keepeek for this purpose.

**If you meet one of these requirements, you can explain your need and ask for an account, by creating a ticket: [Web support contact](#).**
