

403 Error when edit user profile

Procedure	Screenshot
<p>Problem</p> <p>Local admin get 403 Error when click on "Edit User Profile"</p>	
<p>Solution</p> <p>The admin user must be appointed as the "local admin" of the Tenant site.</p> <p>1) Go to "Administer" > "Full Tenant List", check if the admin user is the appointed local admins of the tenant site.</p>	
<p>2) Check if the admin user belong to the Tenant which he/she want to update. Search the admin user and view the profile.</p>	

3) If "SITE-ENTITY GROUP" is empty, update the SITE-ENTITY GROUP to Tenant Site name.
