

Error's message when accessing an idea

Procedure	Screenshot
<p>Problem</p> <p>The user has received a message to collaborate on an idea, but when trying to open the link, he gets the following message:</p>	
<p>Solution</p> <p>Admin should check if the link is working properly; if so, chances are there are some profile limitations. In this case, for instance, the idea was posted as confidential – meaning that only authors and admins were allowed to see it:</p>
