

Macro List

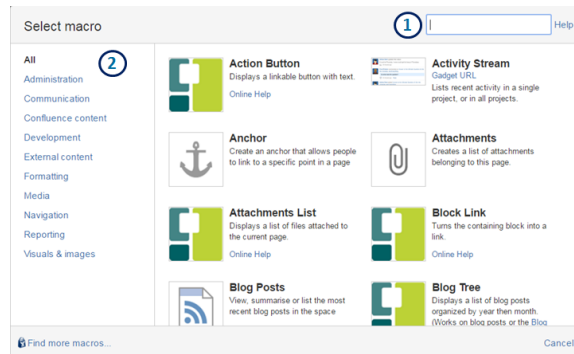

Macros extend the wiki page functionalities. There are macros for navigation, special formatting, reporting and adding media.

The macro browser is available from the advanced tool menu.

A macro can be selected:

1. via the search box
2. by categories: All, Administration, Communication, Confluence content, Development, External content, Formatting, Media, Navigation, Reporting, Visuals & Image

- [Macro - Children display](#)
- [Macro - Expand](#)
- [Macro - Glossary](#)
- [Macro - Google](#)
- [Macro - Highlights](#)
- [Macro - Include](#)
- [Macro - Livesearch](#)
- [Macro - Panel](#)
- [Macro - Section and columns](#)
