

Manage Media

- [Insert an image/video as an Editorial or Spotlight illustration](#)
- [Insert an image/video among an Editorial content](#) — Use it to insert a media among it rich text body. Here you can manage the display size.
- [Insert a slideshow](#)
- [Update an image/video](#) — Thanks to Keepeek, it is possible to update a media without updating anything on Tridion side.
- [\[Internet & Webfactory\] Upload a multimedia file \(Legacy\)](#)

It is possible to attach subtitles (.srt file) to a video.

If needed, please upload the video in Keepeek, then [create a ticket](#), mentioning the concerned video and attaching the .srt file.
