

Line shut by TPC Group at Butadiene plant

DATE : 2013-10-23

TPC Group has shut a production line at its butadiene plant in Texas, US. A Polymerupdate source in the US informed that the line was shut on October 18, 2013 owing to technical issues. Repairs on the line are underway and it could not be ascertained as to when the line will be restarted. Located at Port Neches, Texas, US, the plant has a butadiene production capacity of 900 million lb/year.
