

# SM plant to be shut by Taiyo for maintenance turnaround

DATE : 2013-10-12

Taiyo Petrochemical is likely to shut its styrene monomer (SM) plant for maintenance turnaround. A Polymerupdate source in Japan informed that the plant is likely to be shut in September 2014. It is expected to remain off-stream for around one month.

Located in Ube, Japan, the plant has a production capacity of 370,000 mt/year.
