

# Thailand's SCG-Dow to skip turnarounds at SM, PS plants next year

**DATE : 2013-10-02**

Thailand's SCG-Dow Group will skip maintenance at its Styrene monomer (SM) and Polystyrene (PS) units at Map Ta Phut in 2014, a company source said on Thursday.

The 300,000 tonne/year SM unit and 200,000 tonne/year PS plant have undergone maintenance this year and are not due for turnaround next year, the source said..

Other SM producers in southeast Asia include Ellba Eastern and Seraya Chemicals in Singapore, Styrene Monomer Malaysia, and Styrindo Mono Indonesia.
