

SM plant to be shut by Tianjin Dagou

DATE : 2013-07-24

Tianjin Dagou is in plans to shut its Styrene monomer (SM) plant for repairs.

A Polymerupdate source in China informed that the plant will be shut on either July 24 or July 25, 2013. It is likely to remain off-stream for around three days.

Located in Tianjin, China, the plant has production capacity of 500,000 mt/year.
