

# SM plant restarted by IRPC

DATE : 2013-08-08

IRPC Public Co has restarted its Styrene monomer (SM) plant. A Polymerupdate source in Thailand informed that the plant restarted this week. It was shut in early June 2013 for maintenance turnaround and debottlenecking exercise.

The production capacity of the plant has been increased from 200,000 mt/year to 250,000 mt/year. The plant is located in Rayong, near Map Ta Phut, Thailand.
