

Butyl-acrylate plant to be started by Jiangmen Handsome

RELEASED ON 22/02/13 (DD/MM/YY)

Jiangmen Handsome Chemical Development will be starting its new butyl acrylate (BA) plant on schedule.

A Polymerupdate source in China informed that the plant will be started in end-March 2013.

To be located in Jiangsu province, China, the plant will have a production capacity of 80,000 mt/year.
