

MMA plant to be restarted by PTTAC

DATE : 2014-09-05

PTT Asahi Chemical will be restarting a methyl methacrylate (MMA) plant following maintenance turnaround. A Polymerupdate source in Thailand informed that the plant will be restarted on September 9, 2014. It was shut on July 23.

Located at Map Ta Phut, Thailand, the plant has a production capacity of 70,000 mt/year.
