

SM plant planned to be shut by Taiyo Oil

DATE : 2014-08-11

Taiyo Oil is in plans to shut a styrene monomer (SM) plant for maintenance turnaround. A Polymerupdate source in Japan informed that the plant is likely to be shut on August 18, 2014. It is likely to remain off-stream till October 1, 2014.

Located in Ube, Japan, the plant has a production capacity of 370,000 mt/year.
