

ACN plant likely to be shut by Daqing Petrochemical

DATE : 2014-08-06

Daqing Petrochemical is in plans to shut an acrylonitrile (ACN) plant for maintenance turnaround.

A Polymerupdate source in China informed that the plant is planned to be shut in September 2014. It is likely to remain off-stream for around 15 days.

Located in Heilongjiang province, China, the plant has a production capacity of 80,000 mt/year.
