

# MMA plant shut by MGC for maintenance turnaround

DATE : 2014-07-25

Mitsubishi Gas Chemical Co Inc (MGC) has shut a methyl methacrylate (MMA) plant for maintenance turnaround.

A Polymerupdate source in Japan informed that the plant was shut on July 20 owing to technical issues. A restart date for the plant has not been confirmed.

Located in Niigata, Japan, the plant has a production capacity of 40,000 mt/year.
