

China's ZRCC to restart Ningbo BD unit in early July

DATE : 2014-06-19

China's Sinopec Zhenhai Refining & Chemical Corp (ZRCC) plans to restart its 165,000 tonne/year butadiene (BD) unit at Ningbo in Zhejiang province in early July following a 47-day turnaround, a company source said on Thursday.

The BD unit was taken off line on 16 May, the source added.

"ZRCC's BD unit may achieve on-spec production in early July," the source said.
