

SM plant shut by ZRCC for maintenance turnaround

DATE : 2014-05-08

Zhenhai Refining & Chemical Company (ZRCC) has shut a styrene monomer (SM) plant for maintenance turnaround.

A Polymerupdate source in China informed that the plant was shut on May 6, 2014.

It is planned to remain off-stream for around 50 days. Located in Zhenhai, Zhejiang province, the plant has a production capacity of 620,000 mt/year.
