

Thai MMA on track to restart 90,000 tonne/year No1 MMA line

DATE : 2014-04-10

Thai MMA is expected to resume its 90,000 tonne/year No 1 methyl methacrylate (MMA) line in Map Ta Phut over the weekend after a scheduled maintenance, a source close to the company said on Friday.

The plant was taken off line earlier in mid-March.

Thai MMA runs another 90,000 tonne/year line at the same site.

The company is a joint venture between Japan's Mitsubishi Rayon Corp (MRC) and Thailand's Siam Cement Group.
