

ACN plant to be shut by CPDC

DATE : 2014-04-10

China Petrochemical Development Corp (CPDC) is likely to shut an acrylonitrile (ACN) plant for maintenance.

A Polymerupdate source in Taiwan informed that the plant is likely to be shut in late April 2014.

It is likely to stay off-stream till early May. Located in Kaohsiung, Taiwan, the plant has a production capacity of 240,000 mt/year.
