DATE : 2014-03-14

South Korea's Daesan MMA (DMMA) shut its 98,000 tonne/year methyl methacrylate (MMA) plant in Yeosu earlier this week for scheduled maintenance, a source close to the company said on Friday.

The plant is expected to be off line for 15 days until the end of March, the source added.

The company is a joint venture between Japan's Mitsubishi Rayon Co (MRC) and South Korea's Honam Petrochemical.
