

# China's Shanghai SECCO to start-up 90,000 tonne/year BD unit by June

DATE : 2014-02-25

China's Shanghai SECCO Petrochemical plans to start up its new 90,000 tonne/year butadiene (BD) unit in Shanghai by June, market sources said.

The new unit will expand the company's BD capacity to 180,000 tonnes/year.

The company currently runs a separate 90,000 tonne/year BD unit at the same site.
