

# SM plant planned to be taken off-stream by GPPC

DATE : 2014-02-18

Grand Pacific Petrochemical Corp (GPPC) is in plans to take off-stream a styrene monomer (SM) plant.

A Polymerupdate source in Taiwan informed that the plant is likely to be taken off-stream in mid-April 2014. It is slated to remain shut till early June 2014.

Located at Tashe in Taiwan, the plant has a production capacity of 240,000 mt/year.
