

# New Styrene monomer plant to be started by Jiangsu Leasty

DATE : 2014-02-28

Jiangsu Leasty is in plans to start a new styrene monomer (SM) plant in H2 2016.

A Polymerupdate source in China informed that the construction of the plant is planned to be started in Q3, 2014.

To be located in Jiangsu province of China, the plant will have a production capacity of 500,000 mt/year.
