

SM plant to be restarted by SCG-Dow

DATE : 2014-01-29

Siam Cement Group-Dow Chemical (SCG-Dow Chemical) is scheduled to restart its styrene monomer (SM) plant.

A Polymerupdate source in Thailand informed that the unit is planned to be restarted by this weekend. It was shut owing to mechanical issues.

Located in Map Ta Phut, Thailand, the plant has a production capacity of 300,000 mt/year.
