

S Korea's Taekwang Petrochemical to shut Ulsan ACN plant on 17 Feb

DATE : 2014-02-14

South Korea's Taekwang Petrochemical plans to shut its 290,000 tonne/year acrylonitrile (ACN) plant in Ulsan for scheduled turnaround from 17 February, a company source said on Friday.

"The plant will be shut down next Monday and the shutdown will last for around three weeks," the source said.

The plant is expected to restart around 7 March, according to the source.
