

SM plant likely to be shut by SMI

DATE : 2014-01-22

Styrindo Mono Indonesia (SMI), is likely to shut its No 1 styrene monomer (SM) plant.

A Polymerupdate source in Indonesia informed that the plant is likely to be shut in November 2014. It is likely to remain off-stream for around one month.

Located in Merak, Indonesia, the plant has a production capacity of 100,000 mt/year.
