

SM plant planned to be shut by Jiangsu Leasty

DATE : 2013-12-14

Jiangsu Leasty is in plans to shut its styrene monomer (SM) plant for maintenance turnaround.

A Polymerupdate source in China informed that the plant is likely to be shut in February 2014. It is expected to remain off-stream for around one month.

Located in Jiangsu province, China, the plant has a production capacity of 420,000 mt/year.
