

# Zeon Corp signs MOU on Qatar butadiene extraction

DATE : 2013-12-09

A memorandum of understanding has been signed by Qatar Petroleum (QP), Zeon Corp and Mitsui & Co Ltd on 8 Dec 2013 for the development of an integrated butadiene extraction and elastomer complex in Qatar. The planned Al-Sejeel Petrochemicals Complex and the Al-Karaana Petrochemicals Complex will provide the feedstock. Ras Laffan Olefins Co will also contribute feedstock. High-value elastomers will be produced from the feedstocks using Zeon's technology.
