

DSM Acrylonitrile to become AnQore

DATE : 2015-11-06

DSM Acrylonitrile is to change its name to AnQore, the acrylonitrile (ACN) producer said on Friday. The name change will take effect from 1 December. The Dutch producer said the name takes the AN of ACN and reflects the fact that ACN is the core of the company's business, while the use of the letter Q reflects product quality.
