

# Butadiene plant planned to be started by Chandra Asri

DATE : 2015-03-10

Chandra Asri Petrochemical is in plans to start a new butadiene plant.

A Polymerupdate source in Indonesia informed that the plant is likely to commence production sometime in 2016. A specific time-frame for the startup of the plant could not be ascertained.

To be located in Indonesia, the plant is expected to have a production capacity of 100,000 mt/year.
