

# LG Chem to undertake maintenance of butadiene plant

DATE : 2015-12-17

LG Chem is in plans to take off-stream its butadiene (BD) plant for maintenance turnaround.

A Polymerupdate source in South Korea informed that the plant is planned to be shut in March 2015. It is likely to remain shut for around one month.

Located in Daesan, South Korea, the plant has a production capacity of 145,000 mt/year.
