

ACN plant likely to be shut by DSM for maintenance

DATE : 2015-01-10

DSM is in plans to shut its acrylonitrile (ACN) plant for maintenance turnaround.

A Polymerupdate source in the Netherlands informed that the plant will be shut in May 2015. It is likely to remain off-stream for around one month.

Located at Geleen in the Netherlands, the plant has a production capacity of 275,000 mt/year.
