

SQ00 - Query SKF_DETAILS - PF1: Check Statistical Key Figure Postings

STEP 1

Go to transaction SQ00 and select query SKF_DETAILS (available for everyone inside user group FI_3S_CTB):

STEP 2

To launch it, you just need to add the respective SKF codification, and you'll get the document number (which can be checked in KB33N).

SKF details tracing

Report-specific selections

Controlling Area: CHEF
 Statistical key figure: ZZFTED
 Period: 3
 Fiscal Year: 2016

SKF details tracing

| COAr | Document | PRw | Statistical qty | UM | Object number | StatKF | BTran |
|------|-----------|-----|-----------------|------------|------------------|--------|-------|
| CHEF | 400138706 | 054 | 1,00 | PRT | KSCHEFD116111400 | ZZFTED | RKS |
| CHEF | 400138706 | 055 | 6,50 | PRT | KSCHEFD116112110 | ZZFTED | RKS |
| CHEF | 400138706 | 056 | 3,00 | PRT | KSCHEFD116112210 | ZZFTED | RKS |
| CHEF | 400138706 | 092 | 3,00 | PRT | KSCHEFD117450530 | ZZFTED | RKS |
| | | | 116,86 | PRT | | | |

STEP 3

Note: In this transaction it's not possible to add the company code but, for several companies, it's possible to check/filter by the respective establishment code:

Determine values for filter criteria

Select.
