

QlikSense Access management

We have different dashboards(Apps) available in QlikSense.

Following links will be very useful for Access management.

QlikSense QMC Production

<https://qliksense.syensqo.com/sso/qmc/>

QlikSense HUB

<https://qliksense.syensqo.com/>

Note:Only for SPM DASHBOARD access

Once access is provided we need to update the SPM-QlikSense Google spreadsheet document

General Steps to provide access to dashboards in QlikSense

Steps for Access creation

Step 1: Open the QlikSense QMC production link

<https://qliksense.syensqo.com/sso/qmc/>

Step 2:

For example, we take SPM dashboard.

SPM application is published in the SDE stream. Edit the app.

Now, you see the value associated to the application in the Custom Properties section.

Step 3: Navigate to USER tab.

Step 4: Under the user tab we can see the list of users available in Qlik Sense.
