

# SBS IS - Customer Support - Tips

In this page I give you good tips to better use the space

1. Update your profile
2. Be informed when there is something new
3. Share a page and much more...

## Update your profile

---

Your user profile contains basic information about you, which other users can see. In your own profile, you can update information about yourself, like your name, position, picture.

## Watch a page

---

If you want to receive a notification whenever anyone update a page or space, you can 'watch' a Confluence page.

## Share a page

---

You can email anyone a link to a page with the 'Share' option

## Favourite

---

To access your pages or spaces quickly, mark them as favourites. It's a great way to get to the content you access every day.

## Glossary

---

In any page, just click on the glossary icon to check available terms in glossaries. Click on highlighted ones to display definitions.
