Step-by-step

I. Identify accounts and users	
Download the Excel template : https://solvay-crm.my.salesforce.com/01524000003G0He	
Open the excel template, and select "EMR Update" sheet.	
II. Fill the Excel template	
To update Email Mapping Rules, we need its ID. To find them, run the report "<i>Email Mapping Rules - Complaint</i>", "<i>Email Mapping Rules - Contract</i>" or "<i>Email Mapping Rules - Visit Report</i>". These reports are in the GBU Data Stewards Reports folder	
You should fill all the fields that are useful to define the rule (even if the values do not change). => You should copy the criteria from the report. When the file will be uploaded, if a cell is blanked it will be erased the actual value.	
III. Send the template to CRM support via Freshdesk.	
Once filled, send the Excel file to CRM support via Freshdesk.
