

How to grant access to the Fraud Data Analytic - Writeback Application

How to grant access to the Fraud Data Analytic - Writeback Application

 Access to the **Fraud Data Analytic - Writeback application** is restricted only to be accessed by the AD Group:

URL	AD Group
http://wdcqvwp21:70/qv_writeback/	QVFraudAnalyticAppGroup
http://wdcqvwp21:70/qv_writeback_otc/	QVFraudAnalyticAppGroup_OtC

This group contains the [list of users who can access the AD group](#).

This AD group is owned by [Michel Dan](#) and any changes to the group should only be requested by him. (For security)

To add/remove users from the group:

Send an email to area IS Infrastructure support (For France: france.infra-servicedesk@solway.com)

- Locate your IS Infrastructure support on:
 - <https://one.solway.com/en/infrastructure/index.html>
 - or <https://sbsmycontacts-solway.appspot.com/>
- Send the email to them based on the sample email below:
