

Access for new user to TEST environment by Application console

Objective

Access for new user to TEST environment by Application console

Provide the access by User administrator's console.

Note: *User going to provide access should have administrator rights*

Step 1:-Open the given link <http://webchk.solvay.com/sahs>

Step 2:-Select the Domain name “**EUA**”

Step3:-Provide the Solvay window id and password for login.

Step 4:-After login click on” **Management**” tabs and select “**Users**” menu.

Step 5:-Provide the User Name, Activity, Area, Name, and Employee Number and select the Role as Administrators from dropdownlist.

Step 6:-Click on **+** button to save user details as Admin.
