

CKR1 - Reorganization of Cost Estimates

STEP 1

Open transaction **CKR1**

Reorganization of Cost Estimates

Restriction of Cost Estimates to be Reorganized

Company Code		to		
Plant		to		
Material Number		to		
Interval for Validity to		to		

Control Parameters

☒ Cost Ests w/o Mat. Master Ref.
☐ Future Standard Cost Estimates
☐ Current Std Cost Estimates
☐ Previous Std Cost Estimates

Processing Opts

☒ Test Run
☒ With List Output

STEP 2

Fill the following fields:

- Company Code
- Plant
- Material number
- Select in "Control Parameters" which cost estimates should be deleted;
- Uncheck in " Processing Opts" the field "Test Run"

Reorganization of Cost Estimates

Restriction of Cost Estimates to be Reorganized

Company Code	S835	to		
Plant	SMP	to		
Material Number	185318	to		
Interval for Validity to		to		

Control Parameters

☐ Cost Ests w/o Mat. Master Ref.
☐ Future Standard Cost Estimates
☒ Current Std Cost Estimates
☐ Previous Std Cost Estimates

Processing Opts

☐ Test Run
☒ With List Output

STEP 3

After execute  a warning message will appear concerning inconsistencies caused by the deletion.

To continue press the **ENTER** key.

Reorganization of Cost Estimates

Restriction of Cost Estimates to be Reorganized

Company Code	S835	to		
Plant	SMP	to		
Material Number	185318	to		
Interval for Validity to		to		

Control Parameters

☐ Cost Ests w/o Mat. Master Ref.
☐ Future Standard Cost Estimates
☒ Current Std Cost Estimates
☐ Previous Std Cost Estimates

Processing Opts

☐ Test Run
☒ With List Output

Deleting current standard cost estimates can cause inconsistencies

STEP 4

The material cost estimate that was deleted is displayed.

To exit the list, click on .

Reorganization

Material	Plant	Costing Status	Costing Variant	Costing Version	Cstg Date From	Cstg Date To
185318	SMP	FR	ZPC1	1	01.06.2017	31.
