Add a question

To **Add a question**, click the "Add question" icon on the right of the form's content.

To **Duplicate a question**, click the "Duplicate" icon at the bottom of the question.

Edit a question

To **Edit a question** simply click "Untitled question" and enter your question.

Change the type of question

To **Change the type of question** click the drop-down menu and choose the one that applies the best to your needs. These are the available types:

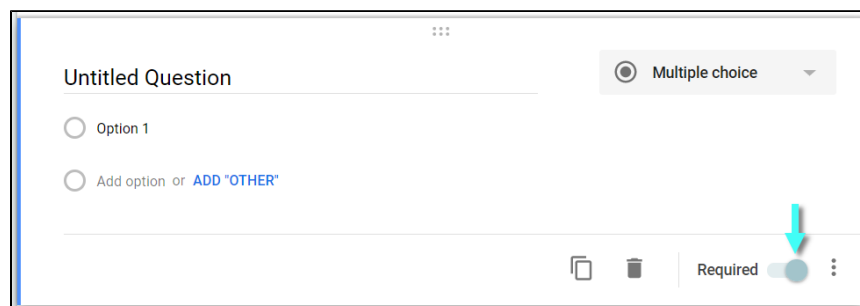

- [Short answer](#)
- [Multiple choice](#)
- [Checkboxes](#)
- [Dropdown](#)
- [File upload](#)
- [Linear scale](#)
- [Multiple choice grid](#)
- [Checkbox grid](#)

The following aren't questions, but a way to organize your content:

- Paragraph - It's a simple text, can be used for different titles/sections inside your form.
- Date
- Time

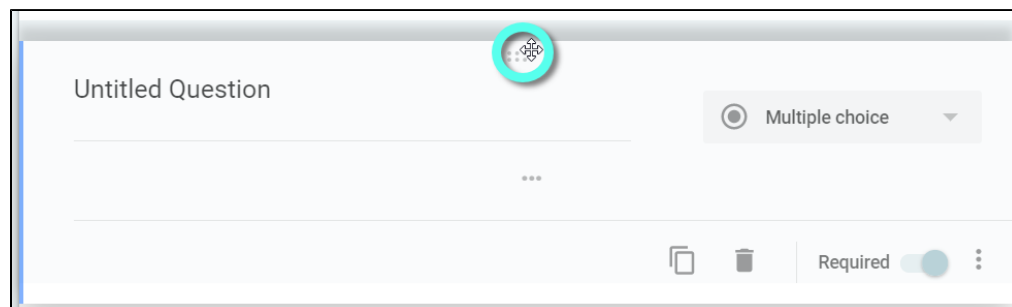

Make a question Mandatory

To make a question **Mandatory** turn on the "Required" option at the bottom of your question.

A screenshot of a question editor interface. At the top, there's a title "Untitled Question" and a dropdown menu set to "Multiple choice". Below the title, there are two radio button options: "Option 1" and "Add option or ADD *OTHER*". At the bottom right, there is a "Required" toggle switch which is currently turned on (blue). A red arrow points to this toggle switch. To the left of the toggle are icons for a document and a trash can, and to the right is a three-dot menu icon.

Reorder questions

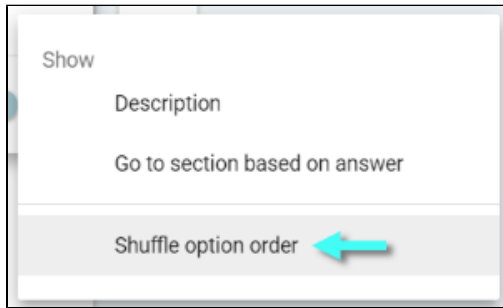

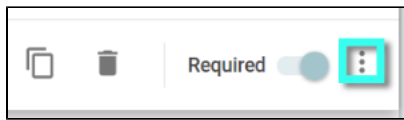

To **Reorder** questions simply click at the top of the question (in the 6 dots) and drag it up or down to the desired position.

A red circle highlights a six-dot handle at the top center of the question card. To the left of the toggle are icons for a document and a trash can, and to the right is a three-dot menu icon.

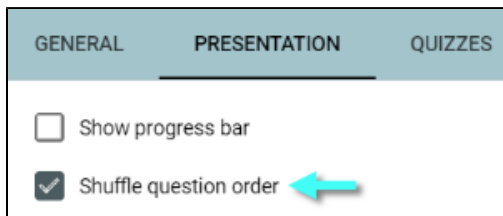

Shuffle questions

You can **Shuffle** a single question or all of the available questions in the form.

- To do that for a single question, click the 3 dots menu at the bottom of your question, and select "Shuffle option order"

- To Shuffle all the form's questions, click the "Settings" icon at the top of the form screen, in the "Presentation" tab, click the "Shuffle question order" box and save.

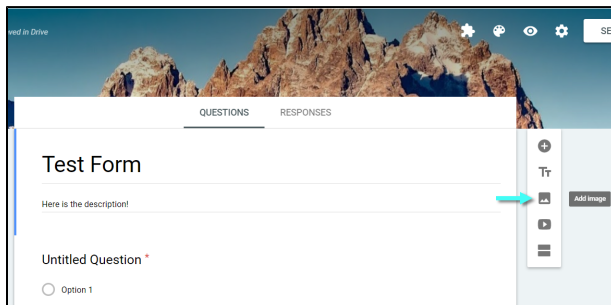

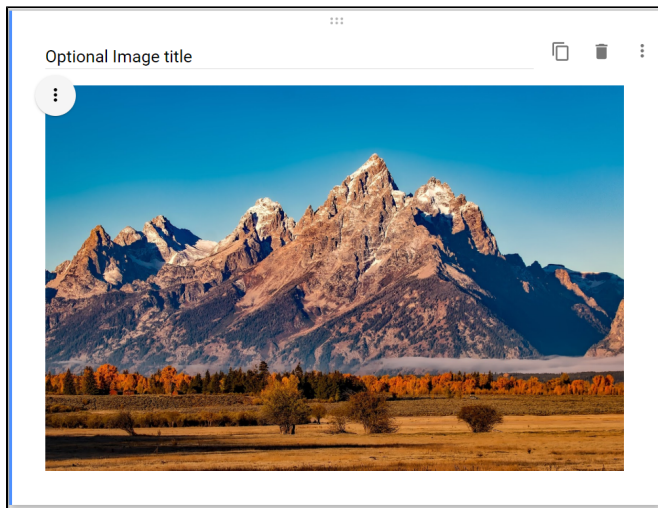

Add an Image

There's also the option to **Add an Image**.

You can add it to your form without it being a question, as an image of a question, or as a question's response option.

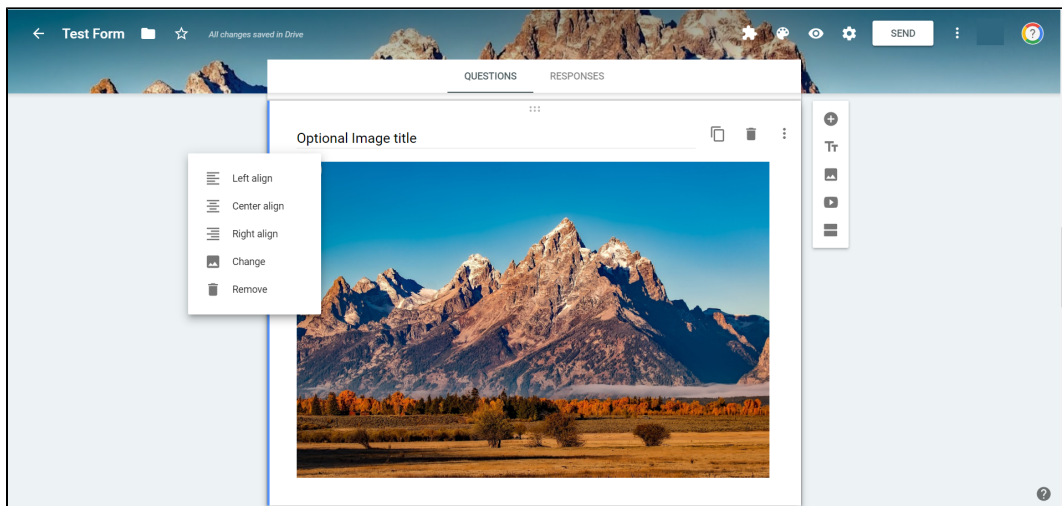

- To add an image to your form, click the "Add image" icon, on the right menu and then choose which image to add.

You can find the following options as well, by clicking the 3 dots menu that appears at the left top corner of the picture.
