

Data Catalog

The Data Catalog is updated every Paris night between midnight and 2:00 AM.

Tools

2 tools are available to use this Data Catalog :

- A Dashboard which gives an overview of the global content in the Solvay Datalake.

<https://datastudio.google.com/reporting/1nOgxbkTR3s8odns1568yf9WtFd8ky2fg/page/jQlZh>

- A webpage that helps you find the datasets (structured) and buckets (unstructured data) that exist in the projects.

Solvay Datalake DataCatalog (SBS Big Data & Analytics)
